

MEET THE VOICES IN YOUR HEAD- Head set that is!!!!

Air Traffic Controllers are meant to be heard, not seen, and we seldom get a chance to visit with them in person. Come face to face with the voices on your radio, who work day and night to help you get safely to your destination. Bring your toughest questions and find out what really happens on the other end of the radio! Learn about airspace emergencies, common mistakes pilots make, day to day operations and how you, as a pilot, can do your part in making the airport operations run smoothly.

Directions: From Hwy 99, Merle Haggard Drive East to Airport Drive. South on Airport Drive to Skyway Drive.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
